RiverLink Estate

Marian - on the Pioneer River

"Keeping the dream alive"

Building Partner

GEMINI HOMES

Want your rent paid while you build? Gemini Homes has special Rent Breaker Packages for first home buyers in Nabilla Riverlink Estate, which means you can build in a fantastic location with a quality home at a great price and the Rent Breaker deal will pay your rent while your new home is under construction*.

Gemini Homes is the largest residential builder in Mackay for good reason - they understand the needs of clients and find innovative ways to bring about the best possible result for each client.

Gemini's showroom in Milton Street (opposite the pool) is designed to make the building process very easy. With a financial expert on hand, Gemini can have you pre-approved for a loan within minutes, which gives you a budget to work with.

The team can then assist with selecting the right block of land and the best home design to suit your lifestyle and budget. Select from an extensive range of proven home designs and then work with the in-house draftsman to modify the plan to your specific needs.

Gemini Homes currently has three display homes in Mackay, so visit the showroom and the displays to see first hand the high standard of finish that comes with every Gemini Home.

* Only available to persons who qualify for the First Home Owners Grant, only available on set house designs, only available to approved applicants, subject to terms and conditions available from the builder.

Showroom - 5 Milton Street, Mackay
Display Home - Argos Street, Cuttersfield
(off Schmidtke's Road)
